Professional Summary

Results-driven Senior Software Engineer with 5+ years of experience building scalable, high-performance web and mobile applications. Proven track record in leading remote engineering teams, optimizing systems, and delivering clean, maintainable code. Skilled in React, React Native, Node.js, and DevOps tools. Passionate about contributing to mission-driven organizations, mentoring engineers, and driving impactful software solutions.

Key Skills

Core Focus Areas: Frontend Development, Backend Development, Mobile App Development, Quantitative Development, Webflow Development

Languages & Frameworks: JavaScript, Python, React.js, React Native, Next.js, Node.js, Express.js, Flutter

Dev Tools & Systems: Git, GitHub, Azure, AWS, CI/CD, Jest, SQLite, GraphQL, Tailwind, SCSS, Three.js, SEO, Internationalization (i18n), Webflow

Soft Skills: Technical Leadership, Team Collaboration, Mentorship, Remote Work Communication, Agile Methodologies

Professional Experience

- **Frontend Engineer – Eze Wholesales**

Feb 2023 - Present / United States - Remote

- Led the internationalization of the company's app, expanding into 4+ languages and currencies.
- Collaborated with a global team to Improve frontend performance by 35% through UI optimization and async data strategies.

- **Senior Fullstack Engineer – Enclave Studios**
Feb 2025 - July 2025 / Hong Kong - Remote
 - Architected and implemented scalable fullstack applications using React, Node.js, Python and PostgreSQL.
 - Leading development efforts, code reviews, and team mentorship across time zones.
- **Fullstack Engineer – Easyshare Global**
Dec 2024 - June 2025 / Nigeria - Remote
 - Led the frontend team and mentored an intern, driving the migration of the app from React Native (Expo) to a modern Next.js web platform using TypeScript, Tailwind CSS, and React Query.
 - Built and optimized full stack features for Web3-enabled financial tools, including wallet authentication, blockchain transaction views, and secure data handling.
 - Collaborated with backend and product teams to deliver scalable solutions aligned with Easyshare's mission of financial inclusion and decentralized finance.
- **Senior Mobile Developer – Optimus AI Labs**
Sept 2024 - Dec 2024 / Nigeria - Hybrid
 - Led development of a React Native app used by thousands of users.
 - Contributed DevOps solutions to streamline deployment and workflows. Also, reduced release cycle time by 40% through automated deployment pipelines.
- **Senior Software Engineer (Consultant) – Chess In Slums Africa**
Nov 2022 - Present / Nigeria - Remote
 - Built frontend and backend solutions to support outreach programs in underserved communities.
 - Enhanced performance and led the frontend team of 5 developers in delivering community-focused applications.
- **Team Lead Mobile Engineer – TechBeaver**
March 2022 - March 2024 / Nigeria - Remote
 - Pioneered mobile development efforts across health, fintech, and admin sectors.
 - Launched 3 mobile apps on iOS/Android, establishing codebases in React Native and Flutter.
- **Frontend Developer – Peniel Day**
Oct 2020 - May 2022 / Global - Remote
 - Implemented UI enhancements that increased user engagement by 25%.

Education

Master of Science (MSc) in Financial Engineering – WorldQuant University

Bachelor of Science (BSc) in Computer Science – Miva Open University
